were to be used for the protection of ports along the North China coast. The factory was under the supervision of a German named Ch'ipup'eiszu (7871/1580/5952/0674). Approximately 15 German and Soviet technicians and about 300 skilled Chinese laborers were employed at the factory.

50X1-HUM

a minimum of military activity within the city.

most of the Chinese Communist troops in the
Tientsin area were stationed some 20 or 30 miles from the city, in the 50X1-HUM
Yangts'un (N 39-23, E 117-05) area. Possibly the "factory"mentioned
is one of the two military supply depots
